

## **Poster Session**

In this session, Poster Session Short Presentation (1 min. per capita) and Poster Session (60 min. per capita) are scheduled.

**-Poster Session Short Presentation**, Tuesday, April 25, 11:35-12:05,

**-Poster Session**, Tuesday, April 25, 13:50-14:50

In Poster Session Short Presentation, authors are requested to explain their research to audiences who are not familiar with their research in a way that is easy to understand with PDF file (1 page). We suggest to create the PDF file from Power Point. Also, we suggest that authors convert their A0 poster and abstract into a PDF file. These files for short presentation are to be uploaded and checked not later than their presentation (the day before is desirable).

Each poster will be in the size of 0.85m width and 1.2m height (A0) vertically oriented. The posters should be installed during the lunch break prior to their poster session.

If you have a question, please feel free to contact the chairman.
